

Lower Columbia Amateur Radio Association

Notes of the Activity Meeting of Apr 1st, 2015.

HF Night

Randy, NU7D, had CW practice for some people from 6:35pm to 6:50pm. He said we should be practicing at home so we can improve.

Carl, K7ECW, read a letter he was given about again requiring CW for General and Extra class licenses, 5 wpm and 13 wpm. After a pause he said April fools.

Some people worked on radio items and some visited.

Rick, WA7NWN, asked Shane, KD7JWC, to help set up his radio and equipment to do packet. After looking it over for a while we decided we needed more information.

Bill, KF7ZAT, brought in his radio and showed how it set up to do RMS Express on 2 mtr. He had papers about setting up the radio, a sound card, and the programs to operate it. Rick borrowed the papers to look over.

Attendance: 16

Respectfully submitted by:

Rick Ouzts, WA7NWN, Secretary.
